CHUBB SENATOR RANGE

Fire Resistance: In tumescent seals, which expand when heated, are fitted to the body rebates to prevent the ingress of flame and smoke should the safe be exposed to fire.

Locks: Secured by a single double-bitted quality key lock. The safe door is prepared to accept a second lock. Any combination of key locks and/or combination locks can be fitted as options.

Finish: The safe is finished in a textured RAL 9002, off-white paint. Escutcheons, combination dials, keypad and handle are finished in black.

Base Fixing: Each safe in the range carries the option to be anchored to a wooden or concrete floor by means of a security fixing.

CHUBB SENATOR 3000

- £3000 approved cash cover
- Association of Burglary Insurance Surveyors approved
- Fire resistant for up to 30 minutes, tested to British Standard 476
- Built in shelf (except size 1)
- Manufactured under an ISO9002 quality controlled system
- Attractive new design with reinforced strength and new Chubb handle for comfortable operation
